Electronics & Data Center Capabilities

ABOUT ACCUBEAM

Accubeam makes the mechanical and power parts that surround electronics: formed chassis and enclosures, data center rack and cabinet sheet metal, copper and aluminum busbars, engraved panels, Kapton® insulators, EMI gaskets and serial marks, from prototype to production.

CORE CAPABILITIES

- Chassis and enclosures cut, formed, inserts installed
- Data center rack and cabinet sheet metal
- Copper and aluminum busbars, cut, formed and marked
- Engraved front, rear and 19" rack panels
- UV and CO2 cutting of Kapton® and Cirlex®
- EMI/RFI and environmental gaskets
- PCB, component and label marking

TYPICAL PARTS

- Chassis, enclosures and brackets
- Rack rails, shelves and blanking panels
- Rack busbars and power-shelf brackets
- Front panels and back-lit keypads
- Insulators and flex-circuit parts
- EMI gaskets and RF shields
- Serial, rating and UID labels

WHY ACCUBEAM

- No tooling for every board revision
- Domestic second source with fast turnaround
- Parts made to the revision on your PO
- Data matrix verification with scan reports
- ITAR-registered handling for defense electronics
- Fast quoting and fast turnaround; no hard tooling charges
- Made in Sarasota, Florida, since 1999
