ACCUBEAM
LASER ENGRAVING & CUTTING

Energy Capabilities

ABOUT ACCUBEAM

Accubeam makes copper and aluminum busbars, switchgear and panel parts, battery storage interconnects, transformer nameplates, safety plates and precision alignment shims for utilities, power equipment makers, solar and storage builders and power plants, as a domestic source with fast turnaround.

CORE CAPABILITIES

- Copper and aluminum busbars, cut and formed
- Plating and insulation through outside finishers
- Switchgear back panels, barriers and covers
- Battery storage interconnects and brackets
- Transformer and equipment nameplates with bar codes
- Safety, arc flash and disconnect plates
- Precision ground alignment shims

TYPICAL PARTS

- Flat and formed busbars
- Switchgear and panelboard parts
- Battery module interconnects
- Insulators and barriers
- Transformer nameplates
- Valve, asset and cable tags
- Solar racking brackets and plates

WHY ACCUBEAM

- Adds capacity while switchgear lead times run long
- Flat, burr-free busbars with accurate holes
- Marks rated for decades outdoors
- Material certs and C of C with every shipment
- Nameplate data proofed before marking
- Fast quoting and fast turnaround; no hard tooling charges
- Made in Sarasota, Florida, since 1999
