ACCUBEAM
LASER ENGRAVING & CUTTING

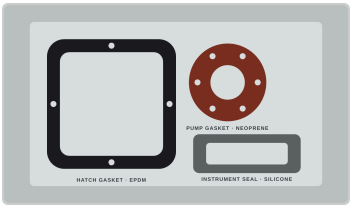

Marine Capabilities

ABOUT ACCUBEAM

Accubeam makes the plates, panels and fabricated parts that go into production boats and vessels: capacity and builder plates, required placards, engraved helm and switch panels, 316 stainless and aluminum brackets, busbars and gaskets, all in one Gulf Coast shop under an AS9100D quality system.

CORE CAPABILITIES

- Capacity, certification and builder plates (33 CFR 181/183 formats)
- Oil discharge and MARPOL garbage placards
- Engraved helm, dash and switch panels
- 316 stainless and aluminum cutting and forming
- Busbars for battery banks and DC distribution
- Gaskets cut from CAD with no die charges
- Passivation, anodize and powder coat through outside finishers

TYPICAL PARTS

- Maximum capacities and certification plates
- Builder, serial and model plates
- Helm, dash and breaker panels
- Brackets, backing plates and hinges
- T-top, tower and console parts
- Hatch, pump and instrument gaskets
- Battery trays and busbars

WHY ACCUBEAM

- Plate data proofed against your ratings before marking
- No tooling, so model-year changes are file changes
- Blanket orders, kanban and stocked inventory
- Parts kitted by model or hull
- Material certs and C of C with every shipment
- Fast quoting and fast turnaround; no hard tooling charges
- Made in Sarasota, Florida, since 1999
